Claims, *cleared.*

Clearpath

TAKTILE CASE · TRUSTWORTHY CLAIMS TRIAGE

thinc! Munich 2026

WHY NOW

Costs are rising. Triage still runs by hand.

01 · MARGINS

Margins are shrinking.

+10%

claims payouts this year – growing faster than premiums

02 · REPAIR COSTS

Repairs keep getting pricier.

+70%

repair costs in ten years – vs. +26% general inflation

03 · WORKFORCE

Fewer hands for more claims.

37%

of insurance staff are over 50 – retirements are coming

Sources: GDV, Oct 2026 (claims payouts, repair costs vs. CPI) · GDV (staff over 50) · Germany as Europe's largest motor market

WHAT WE BUILT

End to end – 58% handled without a person.

01 AUTOMATED

AI intake

The customer calls Mia, our voice agent, or fills in a short form.

24/7

by voice or form

02 AUTOMATED

Auto-decide

The written policy checks every fact – in seconds, even on a Sunday.

40%

decided at once

03 AUTOMATED

Auto-ask

Something missing? An email asks first – then Mia calls.

18%

asked automatically

04 HUMAN

Human review

Only real exceptions reach a person – with the reason and its source.

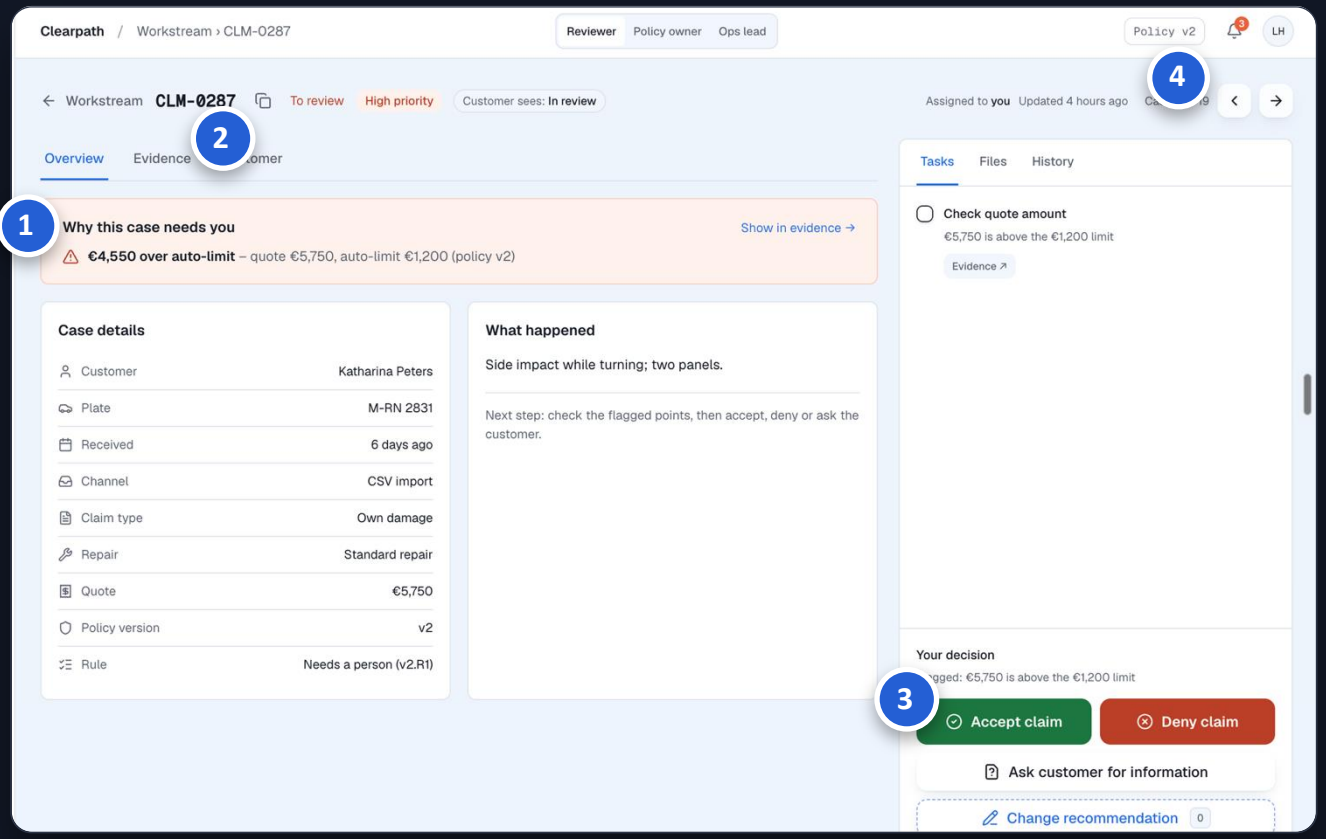

42%

go to a reviewer

Shares of open claims under policy v2 · 500-claim test set

BUILT FOR THE REVIEWER

Only what needs a human – one case at a time.

AI **Cleared automatically first**
58% never reach a person

1 **Verdict + reason**
Why this case needs you, on top

2 **Evidence, one tab away**
Every fact at its source

3 **Act in one click**
Confirm, override or ask the customer

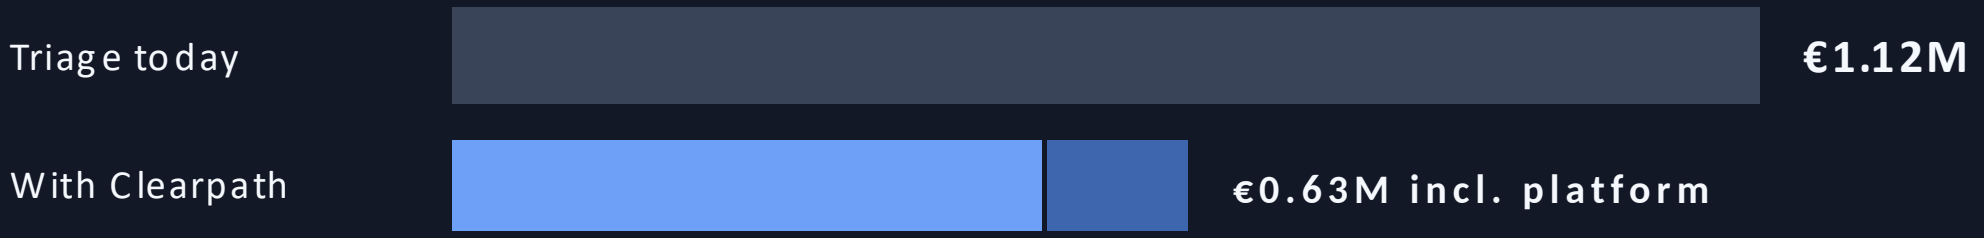

4 **Already prioritised**
Next case opens by itself

The reviewer’s case view in Clearpath

IMPACT

Control the cost you can control.

Repair costs are out of an insurer's hands. Handling costs are not – and in doubt, a person decides.

€492k

saved per year

2.9 mo

payback on the €120k integration

8.6 FTE

free for complex cases

Example: insurer with 100,000 claims a year · €55k salary · 15 min manual triage today · €120k/yr platform included · 500-claim test set

LIVE DEMO

Enough slides.
Let’s go live.

One claim, end to end – in the real product, not a mock-up.

WHAT YOU’LL SEE

01 **Mia takes the claim**
by voice, at any hour

02 **The policy decides**
in seconds, with the rule and reason

03 **A reviewer acts**
confirm, override or ask – one click

THE TEAM

Four people, one clear path.

Thank you.
